Interiors are designed to engage the senses, by juxtaposing the familiar with the unique. Wide plank European oak flooring, custom paneled doors, crown moldings throughout, and black steel framed windows give the home a turn of the century warmth. Zone controlled central heating and cooling, Traco U-Value windows, and Environmental Tobacco Smoke control ensure that your home remains a sanctuary from any disturbance from the outside world.

Better Living

At Village Green West, residents will take sanctuary in the Wellness Center- a first class amenity suite where fitness, relaxation, service and entertainment are available 24 hours a day. Play a game of pool in the lounge, go for a run in the gym, decompress in the sauna or have our Wellness Concierge book you a massage in the treatment room. Whatever you need to recharge, you'll never have to leave home to find it.

One Building, Three Neighborhoods

Originally known for its bohemian culture, the West Village today is a mecca for high-end retail and acclaimed restaurants while steps away, Chelsea and the Meatpacking District have transitioned from their industrial past to become home to Manhattan's hottest galleries, shopping, and nightlife. Village Green West could not be better situated in terms of comfort, convenience, and culture. Whether shopping on Bleecker Street, strolling on the Highline, or gallery hopping in Chelsea on opening night, the best of New York City is always just steps from your front door.

Team

Composed of longtime residents of the downtown Manhattan area, the Alfa Development team has firsthand knowledge of the downtown experience. Always mindful of how their buildings will become part of the fabric of their community, Alfa's guiding principle is best articulated by the theme line: "History, architecture, and sustainability on a human scale." With an aesthetic attuned to the unique harmonies of each neighborhood, their buildings combine architecturally contextual exteriors with the most finely appointed modern interiors.

Michael Namer has been developing real estate in downtown New York for the last 30 years. As the founder, principal, and Managing Member of Alfa Development/Management LLC, Michael brings his attention to detail, construction expertise, and hands-on approach to real estate development to every project. In the last five years, Alfa Development has produced over \$150,000,000 of residential condominium development — all in downtown Manhattan. Michael Namer and Alfa Development are continuing with their mission to create more sustainable living experiences with the developments and residences that comprise the Green Collection.

Ultimate Kitchens For The Holidays

Kitchens are the heart of the home. It's where we cook, eat, and congregate — especially during the holidays. In honor of the season, we've spotlighted dream kitchens sure to set a merry mood not just for those holiday house guests — but for the host too.

"A modern kitchen is very important to people — whether you cook or don't cook — because so much time is spent in there," says Jarrod Randolph, a luxury broker with CORE Real Estate. "When you walk into a home or apartment — even if it's older — and the kitchen is newly done and done well, it makes it ten times easier sell."

With the help of [Realtor.com](#), [Sotheby's International Realty](#), [Coldwell Banker Previews International](#) and [Trulia.com](#), Forbes has cherry-picked a variety of for sale homes offering tantalizing cook spaces, outrageous amenities and delectable layouts sure to set spirits bright.

Homebuyers and owners fork over top dollar for kitchens, which can run into the hundreds of thousands for top-of-the-line materials and appliances. Alongside bathrooms, kitchens are the most common remodeling projects taken up by homeowners, according to the [National Association of Home Builders](#). And they're on the rise: kitchen projects are up 17% this year compared to 2010.

Open layouts that blend with the surrounding living areas prevail when it comes to homeowners' floor plan preferences, according to the [American Institute of Architects Home Design Trends](#).
